A Verse To Think About

“Do not remember the former things, or consider the things of old. I am about to do a new thing; now it springs forth, do you not perceive it? I will make a way in the wilderness and rivers in the desert..” –Isaiah 43:18-19

Sometimes we think that God only did things in the past, during Biblical times. But that is not true! God continues to move and work in the world around us. In the spring, the work of God's hand is all around us—in the blooms and buds and blue skies. God is always doing a new thing. The question is...are we ready to see it?
